FOR SALE.

THE Plantation on which I live, containing about 600 acres of valuable land. The improvements are, an exceeding good dwelling house two stories high, 42 feet long, by 36 feet wide, with a passage through the middle, three rooms below, and four above stairs, with fire places in all but one, and a dry sweet cellar, the size of the house, in which is a capital vault with two rooms, and above is a fine airy pantry. A kitchen 36 by 18, two stories high, with a kitchen and laundry below, and lodging rooms for servants above. A washing house, meat house and dairy and in short every necessary improvement for the accommodation of a family, and a very fine collection of grafted and budded peach trees of the most approved kinds, chiefly from Princes nursery on Long Island, which are just beginning to bear. This property is situated in a healthy genteel neighborhood, about four miles from the city of Washington, five from Alexandria. Nearly one half is in wood and timbered, and the residue arable and meadow land, of the latter, there are about 50 or 60 acres under the scythe and more may be easily laid down. Perhaps no tract of the same size, abounds more in fine springs, there being a never failing stream in every field, besides an abundant one which runs through the meadow and from which the greatest part of it may be watered. For terms apply to the subscriber on the premises.

Valuable Land for Sale.

The executors of the last will and testament of Anthony Holmead deceased, will sell at private sale about forty acres of Land adjoining the city of Washington at the northern extremity of 20th street west. This land is generally allowed to be one of the handsomest situations near the city, having a beautiful prospect of nearly the whole of the city of Washington, Alexandria and George Town, and any person inclinable to purchase this valuable property, will be shewn the same, and know the terms by application to the subscriber near the premises.

JOHN HOLMEAD.

November 11—tf

FOR SALE.

ABOUT 200 acres of land on the East side of the Eastern Branch, and adjoining it, three miles from the city of Washington. Vessels drawing 12 feet water may load at the landing, where there is a tolerable good fishery.

Near 400 acres of this land is a rich bottom through which there are several streams of water, that turn a mill, erected on the land, and which might be used to advantage, in watering meadow: a part of the bottom is now in Timothy grass and the whole is capable of producing grass in abundance, and tobacco. There may be between five and six hundred acres in wood, the rest is cleared land. A part of the land adjoins a commodious brick dwelling house, with all convenient outhouses; and a large and handsome garden, but not in good repair, on the borders of the town of Bladensburg.

This property, so convenient to the city of Washington, which affords a market for grass and all other productions of land, equal to any in the United States; is certain from its situation to rise in a few years, to a a price several times as high as will now be taken for it, well deserves the attention of men of fortune. The whole land including the dwelling house and improvements, and mill, will be sold for 10 pound per acre. It is questionable whether the meadow ground, alone, is not worth all the money; it is certain, that it might easily be made to pay more than the annual interest of the whole purchase.
