"Makes invisible seams that hold"

All threads that glitter are not silk. There are great differences in quality. Brainerd & Armstrong Spool Silk is the best you can buy, though it costs not a penny more than the poorest. It will hold a seam without ripping *for years*, because it has so much *elasticity* it will give but not break under the strain.

of most unusual advantage. You can carry your slippers, gaiters, toilette necessities and many other articles in this new, roomy, patented bag, so different from the old style bags. It will hold the hundred and one little necessities for the overnight stop or the "week-end" party. You can carry it as a muff or slip it over your arm and, even if filled to its carrying capacity, you will hardly notice its weight. THE HANDI-BAG with its vestibule arrangement will snuggle close to your arm—no dangling in all directions and nothing to cut into your flesh. The little coin purse on the outside is a clever feature. It is patented and therefore cannot be duplicated. Made of quality-materials for the fastidious woman. Black Satin, Moire, Satin-striped Taffeta, $6.75. Also Velvet, Plush or Fur.
