GET IT WHEN YOU BUY YOUR EVENING PAPER

Creamy milk chocolate for that after-office before-dinner gap

FIVE o'clock and you are *through* and starving!

The sharp, cold air makes you hungrier as you hurry for your train.

And now's your chance—get Peter's when you get your evening paper.

Tear open the crisp brown wrapper and bite into that creamy goodness. How good those almonds are when you crunch into them—little Spanish fellows, freshly toasted. And the

chocolate—crisp, fragrant—it's just what you were wanting.

Peter's is as wholesome as bread and butter—and far more nourishing. It is just what you want to carry you through that before-dinner gap. It gives you the energy you need to struggle with the "rush hour" crowd.

You can get Peter's Milk Chocolate—plain and almond bars—at any drug or grocery store, at news-stands and at candy shops.

"High as the Alps in Quality"

Never cut the cuticle. Cutting makes rough, ragged edges and causes hangnails a few days after manicuring

Wrap a little absorbent cotton around the end of an orange stick and dip it into the bottle. Carefully work the stick around the base of the nail, gently pushing back the cuticle. Wipe off the dead surplus cuticle; then wash the hands

Every day your nails can look well kept

IT is not a difficult matter to have your nails look exquisitely well-groomed all the time. It is simply a matter of knowing how.

First, remember not to cut the cuticle. When the cuticle is trimmed or cut, the skin around the base of the nail soon becomes dry and ragged. It roughs up, forms hangnails and makes your whole hand unattractive.

You can have shapely, symmetrical nails without clipping or cutting. Cutex is absolutely harmless. The moment you use it you realize you have at last found the one, simple, successful way to take care of the cuticle—a way that will keep it trim.

People who have been cutting the cuticle find that no matter how much they have abused it, Cutex soon smooths away the rough skin around the base of the nails and quickly makes it even and firm.

Apply Cutex Nail White underneath the nail directly from tube

Cutex Cake Polish gives the nails a brilliant wata-proof finish

By following the directions given under the illustrations, you can always keep your nails in the most perfect condition. Do this *regularly* as you file or cut your nails, and you will always in future be proud of your hands.

Cutex, the cuticle remover, comes in 35c and 65c bottles. Cutex Nail White, Cold Cream and Cutex Nail Polish, in cake, paste, powder, liquid or stick form, are also each 35c.
