Yosemite Falls, in the Yosemite Valley National Park—probably the most beautiful falls in the country. One can summer in the Park in winter, as it is sunny California.

Shooting the Rapids In 1919

Shooting the Rapids of the Historic St. Lawrence - 1918

Shooting the Rapids In 1819

WHAT was formerly a skillful and dangerous journey, in 1819, is now an exhilarating and safe pleasure trip, because palatial steel steamers have replaced the bark canoe of the Indian voyageur and the route is through the same historic and picturesque waters. All the charms of old-world travel haunts are to be found in this 1,000-mile journey—"Niagara to the Sea."

The trip includes almost 1,000 miles of lakes, rivers and rapids, including the Thousand Islands, the exciting descent of the marvelous rapids, the historic associations of Montreal, quaint old Quebec, with its famous miracle-working shrine of Ste. Anne de Beaupre, and the famous Saguenay

River, with its stupendous capes, "Trinity" and "Eternity," higher than Gibraltar.

Look at the map. All these famous and historic spots are on the route of "Niagara to the Sea." You can begin or end your journey at Niagara Falls, Toronto, Rochester, Alexandria Bay, Clayton, Montreal or Quebec.

Up-to-date Canada Steamship Hotels at Murray Bay and Tadousac, Quebec. Golf links and a salt-water swimming pool at Murray Bay.

Send two cents for illustrated map and guide, "Niagara to the Sea," including rates, etc., to John F. Pierce, Assistant Traffic Manager, 105, C. S. L. Building, Montreal, Canada.
