Scope and Content Note

The Daniel Schorr Papers (1916-2010) span the years 1922-2006, with the bulk of the material dating from 1943 to 2006. The papers are organized into the following series: [Family and Personal File](#), [Correspondence](#), [Broadcasts and Film](#), [Speeches and Public Appearances](#), [Writings File](#), [Subject File](#), [Miscellany](#), and [Oversize](#).

The [Family and Personal File](#) contains biographical material, professional achievement awards, and estate, financial, and military records. The correspondence consists chiefly of Schorr's letters to his mother, Tillie Godiner Schorr. They describe his activities as a United States Army intelligence officer stationed at Camp Polk, Louisiana, and Fort Sam Houston, San Antonio, Texas, during World War II. In later years the letters provide details of his life and work in postwar Europe into the Cold War era. In addition to politics, Schorr also covered cultural events. His friendship with violinist Isaac Stern is well documented. The diaries and notebooks contain Schorr's observations while on news reporting assignments.

The [Correspondence](#) series contains incoming and copies of outgoing letters to professional colleagues, friends, and fans. Chief correspondents are Harry A. Blackmun, Charles W. Colson, Captain Alfred Friendly, Richard M. Nixon, William S. Paley, Richard S. Salant, Ted Turner, and Herman Wouk.

The [Broadcasts and Film](#) series forms the centerpiece of the papers. Although incorporating contracts, correspondence, and publicity material, most of the series consists of scripts written primarily for Cable News Network, Columbia Broadcasting System, and National Public Radio. European events covered include postwar reconstruction, the Marshall Plan, the creation of the North Atlantic Treaty Organization, superpower summit meetings, Moscow under Nikita Sergeevich Khrushchev, and the Berlin crisis of 1961. Individuals receiving coverage by Schorr were Khrushchev, Konrad Adenauer, Fidel Castro, and Dwight D. Eisenhower. In the United States, Schorr reported on issues relating to civil rights, urban problems, and the environment. He is particularly known for his investigation of the Watergate Affair and scandals involving the Central Intelligence Agency and the Federal Bureau of Investigation. The papers document his clash with CBS and the United States House of Representatives over his publication of a suppressed intelligence report.

The [Speeches and Public Appearances](#) series documents Schorr's activities on the professional lecture circuit as a keynote speaker, as well as a classroom lecturer, conference participant, and panel moderator. He regularly participated in the Aspen Institute for Humanistic Studies (later the Aspen Institute) in Aspen, Colorado. Material includes background information, contracts, correspondence, notes, publicity, and texts of speeches.

The [Writings File](#) includes production material for Schorr's books, *Clearing the Air*, *Don't Get Sick in America*, and *Staying Tuned: A Life in Journalism*. Schorr's career as a print journalist is represented by clippings and typescripts of articles written for newspapers and magazines. The topics duplicate those covered in his broadcasts.

The [Subject File](#) contains Schorr's reference material for his writings and broadcasts, chiefly news clippings, reports, and printed material. The [Miscellany](#) series consists of legal case material regarding freedom of speech issues, Schorr's press passes, and a set of National Public Radio playing cards featuring its journalists. The [Oversize](#) series includes awards, certificates, and posters.
