Don't cut the cuticle; cutting leaves a rough, ragged edge—makes hangnails.

To keep your cuticle smooth and firm use Cutex—makes shapely, attractive nails.

What specialists say about cutting

Shoemaker, the famous skin specialist, says: "Some persons are so obtuse to the beauty of the delicate edge of skin at the base of the nail that they actually trim it away, leaving an ugly, red rim like the edge of an inflamed eyelid."

Over and over other specialists repeat the advice: "Do not trim the cuticle." "Under no circumstances should scissors or knife touch the cuticle." "Cutting is ruinous."

To meet the need for a harmless Cuticle Remover, the Cutex formula has been especially worked out. Surplus cuticle vanishes at once!

Use Cutex just once on your nails. Open the Cutex package and you will find orange stick and absorbent cotton. Wrap cotton around the end of the stick and dip it into the Cutex bottle. Then gently work the stick around the base of the nail, pushing back the cuticle. Wipe off the dead surplus skin and rinse the hands in clear water.

Until you try it, you cannot realize what a great improvement even one application makes.

Even where the cuticle has been mutilated and broken by cutting, Cutex restores the firm, smooth outline at the base of the nail; gives your nails the lovely finish that everyone admires.

Learn what it means to you—start today

Ask for Cutex wherever toilet preparations are sold. Comes in 50c and \$1.00 bottles. Introductory size, 25c. Cutex Nail White, the cream which removes discolorations from underneath the nails, is only 25c. Cutex Nail Polish in cake, paste, or powder form is also 25c. Should you wish an especially brilliant, long-lasting polish, use Cutex Nail Paste first, then the Nail Cake. If your favorite shop has not yet secured a stock, write direct.

Send 14c for complete Cutex Manicure Outfit—even including cotton, orange stick and emery boards, enough to last for at least six applications. Write Northam Warren, (9-A.C.) West Broadway, New York.
