From Switzerland This Woman Wrote

SHE had been traveling about from London to Paris, then to Switzerland and on beyond. She had learned the comfort of traveling with CREME ELCAYA for her constant use. Then the war came, making shipments difficult, and she learned the discomfort of traveling without CREME ELCAYA. And so began the search for it, ending with this letter from Switzerland:

Dear Sir:

I have used ELCAYA products ever since they could be had at Selfridge's, in London, but am no longer able to obtain them. You would oblige me very much by kindly letting me know whether you have a depot in Switzerland, or whether it would be possible to get ELCAYA direct from New York.

Aarau, Switzerland.

Yours truly,
(Miss) M. . . .

This letter tells its own story of the place CREME ELCAYA has made for itself with women who are careful about the little niceties of their appearance. They write us frankly and unsolicited what they have learned from their own experience—that there is no substitute for CREME ELCAYA and they go to no end of trouble to get it for their constant use.

alone what CREME ELCAYA does to protect and soften and clear your skin—

It is the unbelievable attraction which it adds to your personal appearance which will make you love CREME ELCAYA just as every woman does who uses it rightly.

And the formula is so simple if you will follow it whenever you use your face powder. Here it is:

A little CREME ELCAYA rubbed gently into the skin; then if you need color, a very little good rouge spread carefully over the cheeks before the cream is quite dry; and after that the film of face powder over all.

Begin using the formula today and watch the improvement in your appearance. Even your eyes will gain charm.

A trial package, including CREME ELCAYA and ELCAYA COMPLEXION POWDER, may be had for ten cents sent in a letter marked Department "A" to the address below. Use ELCAYA Rouge or your own, as you please.

Duchess Glove Forms

Save Half the Glove Money
They double the style-life of gloves, keeping their slim, trim shape till worn out.

Oil tempered steel wire, japanned. Adjust themselves to different sizes. Gloves that have been cleaned or are damp from wear dry quickly and evenly, fully exposed to the air. Kid or chamois gloves do not stick together inside the fingers; no need to "fight" to get them on. Better for gloves than shoe trees for shoes; gloves need shaping more than shoes to keep them dressy. They make new gloves easy to put on.
