Freight Blockade Lifted!

We are now completing our

Special "EXPORT" Sale

Our special sale of last fall was terminated because Refrigerators en route from our factory were tied up in the freight yards outside of this city in one of the worst freight blockades New York has ever known.

Deliveries gradually have been made by the railroad companies, until now we are in position to offer at special price the remainder of our overstock of superb Refrigerators, which were built for shipment abroad, but which we declined to ship on account of the unusual export conditions obtaining during the past few months.

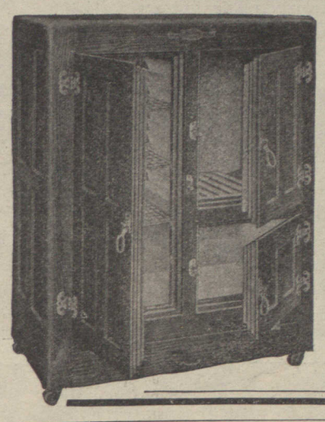
Here is your opportunity to secure at a price which probably never again will be offered one of the world-famous

BOHN SYPHON REFRIGERATORS

—the standard of the world today in scientific refrigerator construction. The dining cars and refrigerator cars on practically every railroad in the land are equipped with the Bohn Syphon. The Refrigerators for home use are constructed on the same principle of rapidly circulating dry, pure, cold air, with consequent smallest ice consumption, lowest temperature (40°) of any refrigerator built, and complete absence of contaminating odors, etc. The baby's milk remains sweet and pure in a Bohn, and there is no risk of malaria or typhoid.

REDUCTIONS AVERAGE 25%

from list prices.



All sizes, in both wood and white porcelain exteriors, are reduced in price during this sale. The saving to you averages 25 per cent.

A RARE BARGAIN

Our popular Model 42 (here illustrated), 3 doors, size 37x21x46 inches, lined with genuine steel-fused white porcelain enamel, (*not paint.*) Ice capacity 100 lbs., list price $56, is an exceptional bargain at the special price of $42.

For Future Delivery

On a small deposit we will hold your Refrigerator for future delivery. If you cannot call, write or telephone for our handsome catalog. Remember, we are the manufacturers, not middlemen.

Cole NEW YORK

FRANK L. Inc.
TRADE MARK REGISTERED
7 WEST 45TH ST.

A development of my business which is very complimetary to COLE styles is the wish of high class retail houses throughout the county to secure a line of COLE Models.

I have not been able to undertake the work in this direction on a large scale because of lack of facilities; also because my private trade demands the attention of my associates and myself practically all of the time.

But COLE STYLES are becoming the accepted Styles of America. They will never become common—a Tailored Suit at $100 or more is not bought by everybody.

But those who buy COLE MODELS not only get their money's worth, but they get the unusual, which makes them stand out from the crowd as distinctively well-dressed women.
