Here's a Big Saving If This Is Your Size

Will your space accommodate a Refrigerator 35½ inches wide by 20 inches deep by 66 inches high? If so, do not miss the present opportunity to secure a

NO. 13½ SANITOR REFRIGERATOR

(Ice capacity, 210 pounds)

at $51.00 (List Price $93.00)

The end of the summer season finds us overstocked on this one model. Because of certain structural changes in our new model of this size, we prefer to make this radical price sacrifice rather than carry over the stock into a new season. This situation creates, for you who can accommodate this size, an opportunity that is without precedent. Naturally, we have only a limited number to offer at the above price.

SANITOR REFRIGERATORS and **IDEAL REFRIGERATORS**

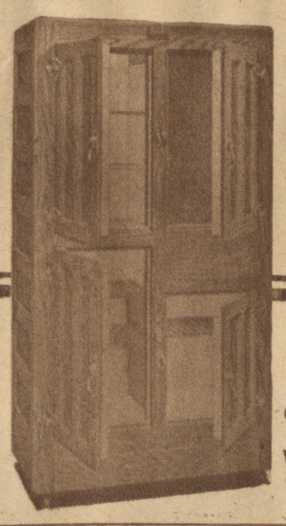
are built in the same factory, by the makers of the world-famous

BOHN SYPHON REFRIGERATORS

which are installed in the finest homes and greatest hotels in the world, and in the refrigerator and dining cars of practically every railroad in this country. When thorough comparison is the basis for selection, BOHN SYPHON REFRIGERATOR is almost invariably the choice.

SANITOR REFRIGERATORS are of all oak exterior construction, lined with genuine fused porcelain-steel (not enamel paint). They have a highly efficient 8-layer insulation, front-drain, highest quality hardware, etc.

IDEAL REFRIGERATORS are the new and already popular ALL-METAL TYPE, especially desirable in moist climates.



In addition to No. 13½ Sanitor, we are making a number of exceptionally attractive price concessions on various types and sizes. Prices start at $16.50

Washing Without Work

FITS IN ANY TUB

This truly wonderful machine has revolutionized washing. It fits in any stationary washtub and does all the washing, rinsing and wringing by electricity. All you need do is turn on the switch. The clothes are washed cleaner and whiter than ever before and in the most sanitary way.

The machine washes delicate laces and lingerie without injury; also heavy blankets and small rugs. Clothes washed in it last six times as long as those washed on the rubbing board or at laundries.

MODERN HOME WASHER

This is the only washing machine of its kind that fits and operates in stationary washtubs and stores in the tub, out of the way, when not in use. It is a great boon in apartments and small kitchens where there is no room for a heavy, bulky washing machine, in the way all the week.

The Modern Home Washer saves its cost many times over each year in wash woman expense and clothes savings. It solves the servant problem and the cost of electricity is only about three cents for a week's washing.

Tested and approved by Good Housekeeping Institute and The Tribune Institute. Awarded a medal at Panama-Pacific Exposition. Portable machine for use where there are no stationary tubs. Hand Power machine $15.00, no extra tub to pay for. Write or telephone for catalogue U.
