HOTEL BELLECLAIRE
NEW YORK

Broadway at 77th St.
Surface Cars at Door
Subway at 79th St.

Only a few minutes from the Shopping and Theatrical District.

The inventor of Summer Coverings for Furniture deserves the thanks of the universe, but particularly those of hotel proprietors. Heavy winter furniture, designed to look warm and cheery, would look all-fired hot in summer time without the coverings that transform it to a cool appearance.

Belleclaire furniture, although the same as it was in winter, is now decked out in Summer garb and looks and is cool and comfortable. The whole hotel has taken on a summer aspect, and is ready to serve its guests under conditions that are most appealing to those who feel the heat.

Nature helps the Belleclaire to be a comfortable summer resort. It gets all the breezes that strike New York from every quarter because of its high elevation, and its nearness to the Hudson River and to Central Park West. Besides, it stands on a corner and towers above most of the buildings in its vicinity.

Yes, The Belleclaire is in truth a Summer Resort Hotel, with the added satisfaction of always serving guests with the best of food, obtained from the best market in the world—the New York market, which is un-failing in quantity and variety and excellence.

Three hundred large, airy rooms, each with bath, will accommodate at least 300 guests. We expect to keep every room occupied during the summer months. You had better arrange bookings in advance of your coming, if it is possible for you to do so.

No. 431 Fifth Avenue New York

JUST when your enthusiasm for flowers and gardens is at its highest, Tradition lays a hoary, chilly hand upon you and says: "It is too late, of course, to plant anything now—wait until next Spring. But next Spring will find you just as busy and dilatory as last Spring,—and the stimulus of the fresh, fragrant summery outdoors will be lacking. We have defied Tradition and have made thousands of garden-lovers happy by proving to them that they can plant their favorite shrubs and flowers all summer long.

Come out to our Nurseries, select the Roses, Phlox, Iris, Canterbury Bells, etc., that you prefer (no risk, you see, with color schemes), take them home with you, transplant to your own garden—and if they don't grow beautifully and sweetly, to your "perennial" joy, we will supply new plants free. When are you coming?

HAVE YOU A SWEETHEART?

Son or Brother in training camps in the American Army or Navy? If so, mail him a package of ALLEN'S FOOT-EASE, the antiseptic powder to be shaken into the shoes and sprinkled in the foot-bath. The American, British and French troops use Allen's Foot-Ease, because it takes the friction from the shoe and freshens the feet. It is the greatest comforter for tired, aching, tender, swollen feet, and gives relief to corns and blisters.

The Plattsburg Camp Manual advises men in training to shake Foot-Ease in their shoes each morning. Ask your dealer to-day for a 25c. box of Allen's Foot-Ease, and for a 2c. stamp he will mail it for you. What remembrance could be so acceptable?
