

# ALBODON

For that  
November 20th  
Christmas Box  
Overseas

WHEN you make up your Christmas box to be sent abroad, don't forget to include a few tubes of ALBODON DENTAL CREAM. There is nothing you can buy that will please him as much and at the same time be as beneficial to his health. *It is something he can seldom buy or get over there.*

Whether he is in France, in arctic Siberia or tropical Palestine, you can be sure ALBODON, with its high cleansing and antiseptic properties, will reach him in perfect condition. *It is the only dentifrice that does not harden in the tube in any climate.* A single tube used twice a day will last him five or six weeks. It is only 25c a tube.

Every dealer sells Albodon and every dentist knows the formula and recommends it as an aid to health.

**How to Send It:** If the package is to go to a man in the Army, consult your nearest Red Cross for shipping directions; if for a man in the Navy, inquire at the post office or at any express company. Your package must leave by November 20th.

Martha Hadman, whose wonderful skin is the envy of everyone who sees her, says: "I have never used a cream as delightful for cleansing as Pond's Cold Cream."

Of Pond's Vanishing Cream, Miss Hadman says: "If my face becomes the least bit roughened by outdoor exposure, Pond's Vanishing Cream helps it immediately."

**Why harsh cold winds hurt your skin**

To restore to the skin the softness and loveliness the winter winds take from it, you need two creams

IN winter weather, you notice that your skin becomes harsh and dry—your lips and hands are chapped—but do you know why? W. Allen Jameson, the noted skin specialist, makes the scientific reason very simple. He says: "The harshness of the skin experienced in winter is due to the lessening of the insensible perspiration of the skin—the outer cells, not sufficiently lubricated, splinter and grow rough. Therefore some carefully selected substitute should be used for the materials which nature has failed to furnish."

For years women have struggled to overcome this condition by using cold cream alone. Cold Cream cleansing and massage are essential, but they are not enough to offset the damaging effects of wind and weather. The skin must be protected.

It was for this very purpose that Pond's Vanishing Cream was formulated. Entirely free from greasiness, you can use it throughout the day with the knowledge that not a trace of it remains on your skin.

**This is how to give your skin the protection it needs**

Just before going out give your face a light application of Pond's Vanishing Cream. Rub it in gently. At once it disappears, and leaves no trace, no oily shine. With this protection you can keep your complexion soft, smooth, free from attack by wind and cold—free from redness, roughness and chapping.

The formula of Pond's Vanishing Cream is based on an ingredient which doctors have used for years to overcome dryness of the skin and to restore its pliancy and softness.

If your skin is already rough or reddened by exposure to the cold, apply a little Pond's Vanishing Cream. The very first time you use it you will notice how it relieves the tight, drawn feeling, how it smoothes away and softens all roughness.

Many of the most beautiful women of the stage and screen have found Pond's Vanishing Cream a wonderful aid. Among them are Jane Cowl, Constance Collier, Frances Starr, Mabel Taliaferro, Julia Sanderson, Hazel Dawn, Martha Hadman, Elsie Ferguson, Billie Burke, Marion Davies, Pavlova, Norma Talmadge and countless others.

**For cleansing and massage, every normal skin needs an oil cream**

In winter more than any other time, your skin needs cleansing and massaging with a pure cold cream made with an oil base. Pond's Cold Cream is an oil cream of exactly the consistency which masseurs find works into the pores best.

Neither Pond's Vanishing Cream nor Pond's Cold Cream will cause the growth of hair or down. At drug stores and department stores, in tubes or jars.

Do you ever associate evergreens with the hospitality of Thanksgiving? You should. See that your house is properly framed in evergreens, and it will seem somehow to extend a warmer welcome to your guests, and leave a more abiding, more fragrant memory. Evergreens seem to be more attractive, more appealing in November than at any other time—there is a freshness about the colors, contrasting shades and hues, a warmth in the cool, crisp air and a look of welcome. You will certainly appreciate your evergreens in November. We can plant them for you right now ready-made, full grown, looking for all the world as if you have had them for several years. The addition of a few evergreens will make your country home an attractive, livable place all the year round. We can do the planting for you and take all the trouble off your hands if you wish us to—but give us plenty of time by getting in touch with us right away, and we'll have it all done by Thanksgiving Day.
