If interested in Material, Apparel, Write Dept. M-21.

ADVERTISEMENTS.

What is Economy in a Refrigerator?

Compared with the ice expense, the first cost shrinks into insignificance. The Refrigerator which is thoroughly efficient with the smallest consumption of ice is unquestionably the least expensive in the end.

BOHN SYPHON REFRIGERATOR

is enabled by the Syphon System of rapidly circulating pure, dry air to keep its temperature down to 40°. Naturally ice melts very slowly at only 8° above freezing. Moreover, the insulation of the Bohn Refrigerator is the most effective ever devised for heat resistance. Besides the food cases and lining, the walls have 7 heat-resisting layers, including two of Flax-linum, the exclusive Bohn insulating material. It is significant that practically all Refrigerator and Dining Cars in use to-day are equipped with the Bohn System. The Car Builders know! and white porcelain. Some of the best styles, including the one illustrated above, are now marked at attractive prices. We can sell you a Bohn from \$16 up. If you cannot call, write for our handsome catalog. We are the mfrs., not middlemen.

WHITE ENAMEL REFRIGERATOR CO.,
of New York, 53 West 42d Street.
