Reduce where desired

DR. JEANNE WALTER'S famous rubber garments have been used by men and women everywhere for years as a good method of reducing superfluous flesh.

These garments are made to measure, and fit any part of the body where reduction is required. They produce the desired result by causing perspiration.

No harmful drugs to upset the system. No dangerous dieting which saps the strength and vitality by starvation. No hot baths or weakening exercises. No discomfort by the wearing of these pure Para rubber garments which are absolutely comfortable and harmless.

Dr. Walter is the original inventor and patentee of rubber reducing garments for men and women. They are seamless, so that there is no unnecessary irritation of the skin.
