La-may Face Powder Is Harmless to the Most Delicate Skin

A specialist has at last perfected a pure face powder that really stays on until you wash it off. It does not contain white lead or starchy rice powder that make it stick. White lead poisons the skin and rice powder turns into a gluey paste that encourages enlarged pores and unsightly complexions. This improved formula contains a medicinal powder doctors use to heal the skin. In fact, this new powder helps to prevent and reduce enlarged pores and irritations. It is also astringent, discouraging flabbiness, crow's feet and wrinkles. It is called La-may (French, Poudre L'Amé). Because it is pure and because it stays on better than any other it is already sold by thousands of dealers everywhere. The large size is only fifty cents and the half size is twenty-five cents. This same powder is wonderful for evening wear. It can be used both as a face powder and as a liquid powder. To use it as a liquid powder just dip a damp sponge in the dry powder and apply it to your neck, shoulders and arms. It gives a natural whiteness that defies detection under the strongest light. When you use this delightfully pure La-may and see how splendidly it beautifies your complexion you will understand why it so quickly became one of the most popular beauty powders sold in New York.

Our 1918 Spring Catalog—now ready—is full of useful information which we are sure will help you to make your Vegetable and Flower Garden a success.

It is attractively and conveniently arranged, with pictures and text devoted to everything of interest for the FARM-GARDEN-LAWN.
