**HOW many homes do you know that have no piano? Not many for a piano is the tribute we pay to our own and our friends' appreciation of the better things in life.**

In the Pease Petite Grand you will find a piano that is the embodiment of all that is good in piano making. It is one of the smallest grand pianos made, yet it has the range of feeling, the depth and volume of tone that you would naturally look for only in a concert grand. It is a piano that is capable of interpreting every mood and emotion of the player. It is a piano whose quality and worth are vouched for by the reputation of its makers, a reputation that embraces over 70 years of experience and a record of 45,000 users. Let us show it to you.

**Sheffield Plate**

**Origin**

AT A TIME when the silversmith's art was reaching its highest development was born the Sheffield Plate industry. The graceful, classic dignity of line that characterized the Georgian Period, and, in fact, the fundamental difficulties of the early days of silver plate working gave to Sheffield an initial simplicity of design that it has kept and marked for its own.
