A good way to decide whether you can afford to pay \$100 or more for a fine Tailored Suit, which represents style very markedly in advance of the average fashion shop—which will also give splendid service for the better part of two seasons—is to count the cost of the several street garments you wore last year and consider the satisfaction you got out of wearing them, if you got any.

Many women prefer to have one Tailored Suit that is recognized as the highest type of distinguished, rich dressing—than to have two or more of the ordinary description.

COLE Tailored Suits are worth the price asked.

**3 Kinds of Refrigerators**

There are three distinct classes of Refrigerators.

Beginning at the bottom, they are:

1. **Low Grade**—the "bargain sale" kind. Cost little—worth less. Ice consumption enormous, efficiency almost nothing.
2. **Medium Grade**—pretty to look at—many of them really well built—but all of them lacking the two vital essentials of perfect refrigeration—(see 3).
3. **Bohn Syphon**—the Queen of all Refrigerators, and so acknowledged all over the world. No other Refrigerator is licensed to use the Bohn Syphon System of rapidly circulating pure, cold, dry air. No other Refrigerator is insulated with "Flaxinum," the greatest heat-resisting insulation ever made. Ice consumption small—efficiency 100%—absolutely sanitary.

This illustration shows but little of the real merits of the Bohn—does not show its genuine porcelain-fused-into-steel lining—does not show how it keeps everything cold, clean and dry.

The car-builders know—practically all the refrigerator cars, fresh meat and fruit express cars, dining cars, etc., in this country today are equipped with the Bohn Syphon. The Refrigerators for home use are constructed on exactly the same principle.

Call and see our large line in both wood and white porcelain casings. Some of the best styles, including the one illustrated above, are now marked at attractive prices. We can sell you a Bohn from \$16 up, lined with genuine white porcelain, not paint. If you cannot call, write for our handsome catalog. We are the manufacturers, not middlemen.
