A Wissner Piano For Your Little Daughter

Never believe that a cheaper instrument will "do to begin on." The ear of your child, her temperament, the artistic appreciation and development that will be expected of her later on, are beginning NOW. Don't handicap them.

The lack of harmony, the irregularity of tone, the false mechanism of a cheap piano would be fatal to the impressionable organism of your little child.

Music will be her entree into the realm of higher things. It will open unthought of possibilities, fulfilment of which will depend upon the CHARACTER of her training.

Wissner Pianos have been selected for exclusive use, for nearly half a century, by notable artists, as well as by thousands of discerning parents. Their purity of tone, their sympathetic responsiveness, their superior mechanism and admirable appearance, make them also the IDEAL piano for YOUR child.
