### The Nestlé Permanent Hair Wave

By the Nestlé method of straight hair treatment the lankiest hair is made to wave naturally in an incredibly short time. At the Nestlé establishment, where absolutely nothing but Nestlé permanent waving is done and every operator is a technical expert, an average head of hair is completed within two hours. The waving results are guaranteed to last so long as the hair is on the head. (Human hair grows about 1/2 inch per month.) Nestlé waved hair can be shampooed or treated with hair lotions without detracting from the results.

Attendance from \$12.00 upward according to quantity. Apply for our illustrated and free explanatory booklet.

**SATURN CLOTHESLINE REEL:** Made by the United Royalties Corporation, 1133 Broadway, New York City. This is a regular "Yankee notion." The clothesline is coiled like a tape measure inside. Pull it out, hook the ring over a nail and there you are. The ball hangs on another nail. Prices, 50 and 65 cents.

**UMBRELLA CLOTHES BAR NO. 1:** Made by the Martecross Company, 164 N. Wabash Avenue, Chicago, Ill. A small portable clothes bar that is just the thing for drying dish towels in the kitchen or baby's more intimate belongings in the nursery. Spreads out or folds up at your convenience. Price, \$1.50.

**BOHN SYPHON REFRIGERATOR:** Made by the White Enamel Refrigerator Co., 53 West 42d St., New York. Onions and butter can nestle cheek by jowl, and cabbage and cream can sit down together in this refrigerator, without the least danger of the weaker being overpowered. This is because the air is kept circulating so scientifically that all odors are free and equal and none may oppress another. Prices on application.

**LADD MIXER NO. 1:** Made by United Royalties Corporation, 1133 Broadway, New York. A mixer that makes mayonnaise almost by itself. Put in the egg, vinegar and seasoning, fill the oil cup and then turn the wheel. It does the rest. Price, \$1.75.

**ENTERPRISE MEAT JUICE EXTRACTOR NO. 21:** Made by the Enterprise Manufacturing Company, Third and Dauphin Streets, Philadelphia, Penn. This first cousin to the food chopper can be depended upon to extract the last drop of juice from anything that hits the hopper. Shylock would have given a whole ducat for a contrivance so exactly in his line. Its specialties are meat and fruit, but it is versatile and efficient enough to get the well known blood out of the justly celebrated turnip. Doubles the juice output of the ordinary meat press. Price, \$2.50.
