Fired from a 15-inch gun at the navy proving ground, Indian Head, Md., this shell passed through the heaviest armor plate, ploughed through a sand bank and struck the house of a gunner. It pierced the wall at the second story, went through the floor and came out at the back porch. The little girl, Mary Swann, who was in the house with her mother, escaped injury. The shell was so hot that rain which fell immediately afterward cracked it.
