

**Charging Under Hand Grenade Fire**—An actual photograph of trench war in the Somme, snapped at the instant of the explosion of a German hand grenade at the feet of the onrushing French detachment. The officer, who appears to have been wounded, was in reality unhurt; but unmistakably he was startled. © American Press Association.

**The Revolution in Greece**—These nondescript rebels, mostly without uniforms and armed with whatever they could pick up, are marching to the French army headquarters in Salonica to offer their services in the war. © American Press Association-Medem.
