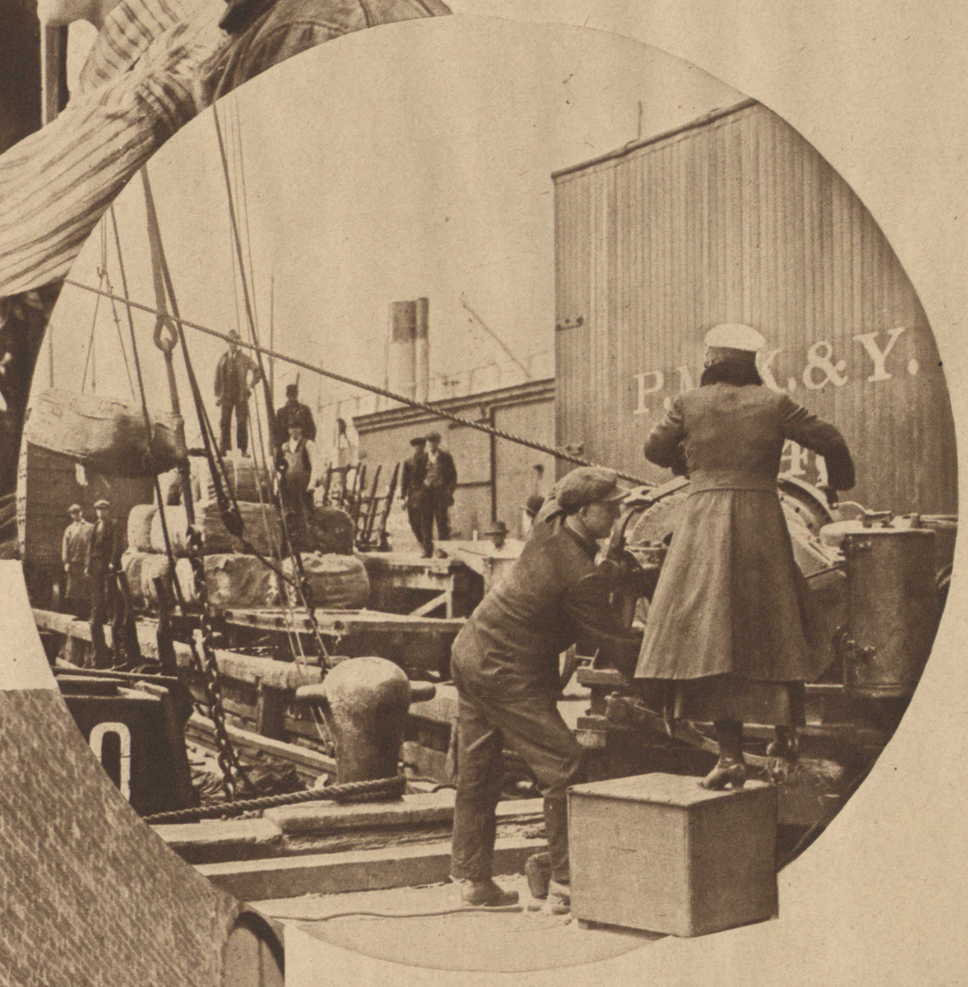
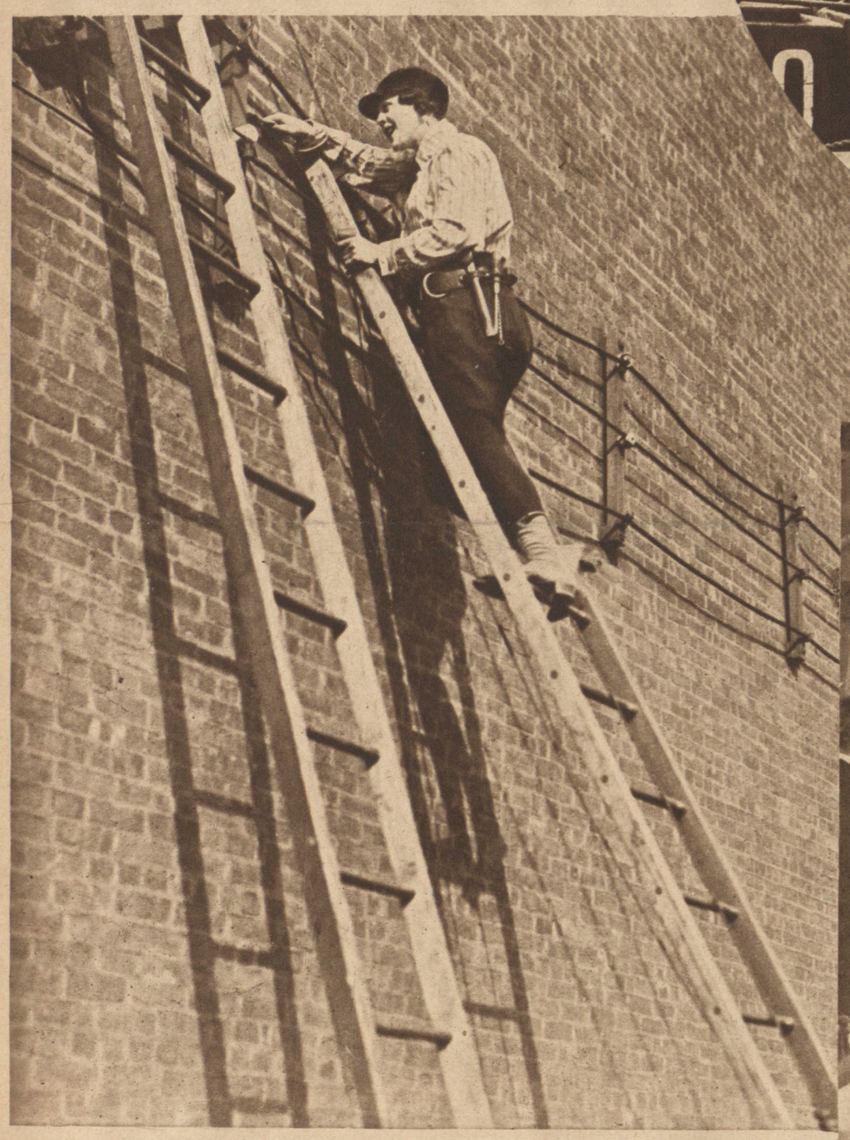
Now woman has her inning!

Photos Kadel & Herbert.

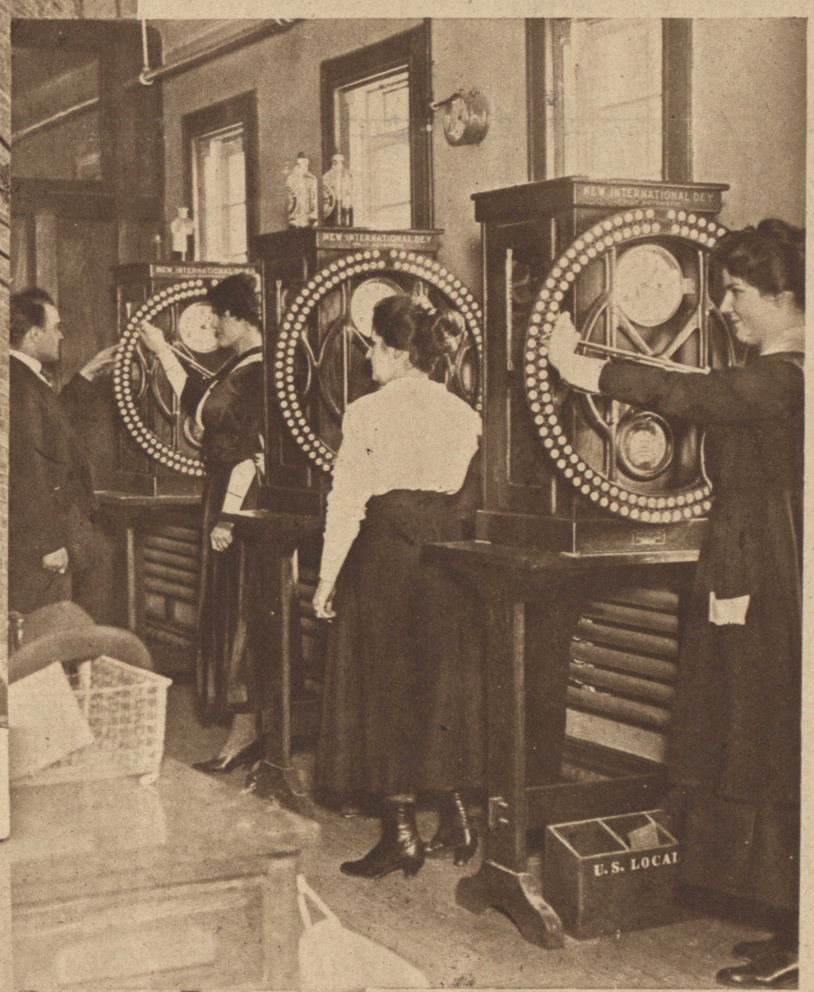
Above, training a girl to run an electric switching locomotive at the Bush Terminal, where all these pictures were taken.



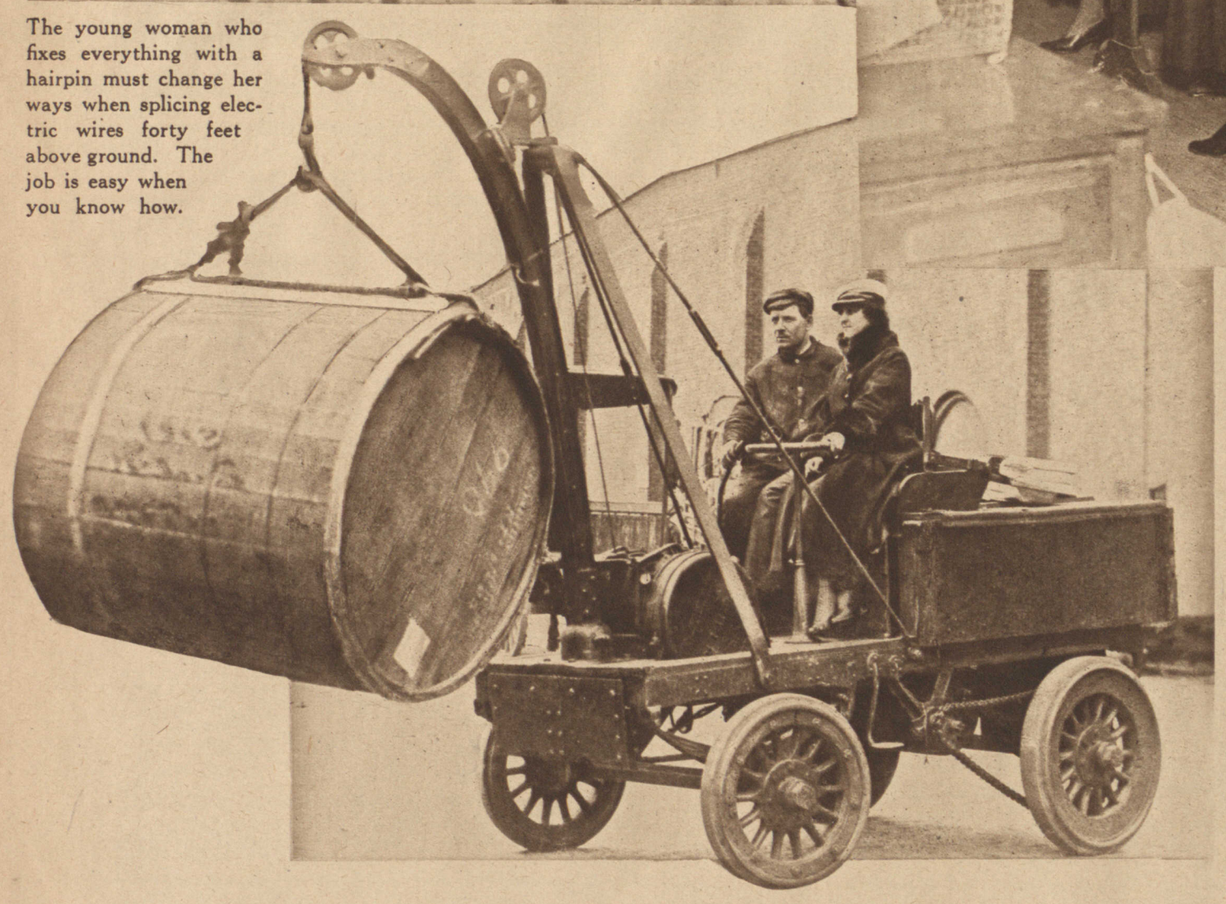
Light-weights need not apply for this job, because much depends on the pressure of the pedal of this electric winch. With training, however, a woman can run it as well as her brother.



The young woman who fixes everything with a hairpin must change her ways when splicing electric wires forty feet above ground. The job is easy when you know how.



The hand that rocks the cradle is the hand that runs the time-clock, above, and registers over 100 men a minute. Every girl on the job liberates a man for the training-camp.



No one shall say that a woman does not know how to handle tobacco, for here (left) is a hogshead of it, easily manageable by the frail little thing on the tractor-crane.

The Lining Is a Single Piece Of Steel

Except in the very largest models, a single piece of fused porcelain-steel forms the entire lining of the food compartments in the new

BOHN SYPHON REFRIGERATOR

"Seamless," as used before to describe refrigerator linings, has meant that joints were welded instead of locked. This new Bohn lining is the first actually made in a single piece. The corners are rounded; there is not a crack or a crevice anywhere. The material—genuine fused porcelain-steel—has no resemblance to the ordinary enamel paint.

The new lining is only one more point of Bohn superiority. Flaxlinum insulation, the Syphon System, the extremely low temperature, the dryness of the air, the saving of ice—call and let us tell you about these, or write for our handsome catalog.

With the greatly increased cost of manufacture, prices have been raised radically by almost all refrigerator makers. In spite of this we are making, for a short time, special reductions on all models of Bohn Syphon Refrigerators. **A small deposit will hold any model for later delivery.**

Sanitor Refrigerators

made in the same factory, side by side with Bohn Syphon Refrigerators, have the same structural excellence except that the Syphon feature is omitted. No make other than the Bohn Syphon can compare with them. Prices as low as $16.50.

The "WIZARD"
A New and Wonderful Alarm Clock Reminder

60 CUBIC INCHES OF USEFULNESS.

The wizard of time. The dependable clock.

No other clock like the WIZARD—it does what no other clock can do. Its computing bezel precisional feature alone opens up a field of usefulness for the WIZARD beyond the sphere of any other alarm clock. It will notify at any predetermined time, minutes or hours away, always at the exact minute. It will set from the face instantly for any fractional interval and alarm, stop and rest automatically when computing bezel is turned to another minute's interval. It alarms with loud ring or signals with soft buzz as desired. All with ease of operation. All with absence of complication. The WIZARD is the best made and most useful alarm clock reminder on the market. Not how many, but how good we can make them.

The WIZARD saves daylight, time and money, and is fully guaranteed. Delivered promptly to any U. S. post office address, postage prepaid, on receipt of price, $3.50. Send for booklet. Phone Broad 2515.
